Dear all

I'm very pleased to recommend Anatolij Kulkov and his company REDOX SIA. I've worked alongside Anatolij for the past 10 years. Not only has he been a key client for our company when it comes to exporting products, but he's also become a close personal friend.

Anatolijs skills and knowledge qualities, what clients want and needs, would make him an invaluable addition to your supplying-chain of products.

Anatolij can plan, create, and market products content, and understands the market and is always ahead of it.

He's naturally fallen into the role of "point person" who we go to with questions when it comes to market information in Baltic countries, Eastern Market. He's not afraid to take risks and often suggests new directions to explore.

He's committed to quality, growth, and progress, and he inspires his team to strive for the same. In short, Anatolij is a person with vision.

On a personal note, Anatolij has become a close friend over our years of working together. Anatolij's fun and friendly personality are just one more great thing of many other qualifications.

Anatolij has my highest recommendation for the position of an future supplier for your demand and needs. I'm excited to see the directions in which REDOX will grow under Anatolijs leadership. Please feel free to contact me for any further information. Thanks very much for your time.

Sincerely,

Mr. Simon Nilsson
